

On the Web

It's easy to get account information

Once your enrollment has been processed, you can get information about your account on the Web, 24 hours a day, seven days a week. Please submit your enrollment form so that we can establish your account and start the ball rolling. Your plan also offers Online Enrollments, where you can set up your enrollment on the Internet instead of completing the enrollment form.

Follow these five easy steps after you have enrolled:

- 1 Go to nationwide.com/login.
- 2 Select "set up access".
- 3 Enter your Social Security number (SSN) with no dashes and under "Customer Account Number," enter your case number with no dashes. Your case number is 49680176. Then click "Next."
- 4 Create a User Name and Password. The requirements are listed at the bottom of the Web page. You will be asked to enter your e-mail address and two security questions. If you forget your User Name or Password in the future, you can reset them from the log in page by answering these questions exactly as you enter them here.
- 5 Click "Continue" twice. Log in by selecting "Personal Account," and you're ready to go! For technical or navigational support only, please call 888-867-5175, option 1. Please have your SSN and case number when you call.

Once your account access is established, you can check your account balance, review funds available in your plan, change your investment direction for current or future assets, and more! Simply visit the tabs that say "View Account," "Explore Funds," or "Move Money." There will be a subset of tabs with more choices. The Learning Center (under "View Account") has many tools to assist you with your retirement planning.

NFS Trading Guidelines Information:

Nationwide Financial will monitor electronic trades for individual plan participants and apply the following guidelines to limit abusive trading practices. Upon completing eleven (11) trades within two consecutive quarters of a calendar year or upon completing twenty (20) trades within a calendar year, a Participant will be restricted from requesting additional electronic trades for the remainder of the calendar year. Participants who become restricted from additional electronic trading may continue to request trades via U.S. mail. The restriction will be effective until the next calendar year at which time the restriction will be lifted. In addition to the Nationwide Financial monitoring policy, trading policies may be in effect on some of the mutual fund options in your plan. These policies can vary from fund to fund and may also result in a trade restriction or a redemption fee. Please consult the prospectus of each fund that you are invested in to determine what, if any, trading policy is in place for that fund.
